OCTOBER 03, 2005

Material Girl

Swap-O-Rama Rama, an annual recycling event dedicated to swapping, refashioning and modeling surplus clothing, is set for next Sunday. New York artist Wendy Tremayne launched the extravaganza to draw attention to textile waste and get people involved in making their own clothes. Tremayne is also a practical gal who sees the future of fashion in nomadic garments with

hoods and pillows that turn into tents.
